Facilitator & Coach Training FEE STRUCTURE

The successful implementation of Invite Welcome Connect is dependent on intentional collaboration between clergy and lay leaders, and our trained certified Invite Welcome Connect facilitators and coaches are available to assist with this implementation. We have established a first-rate facilitator and coach training, and the training, tools, and resources provided to coaches and facilitators is unique to Invite Welcome Connect, encompassing a broad wholesome view of the ethos that supports and encourages transformation on a parish level. A tremendous investment is made into both coaches and facilitators which is reflected in the fee associated with their initial training and recertification. While we do not want finances to unnecessarily limit a parish or diocese from benefiting from Invite Welcome Connect, the ministry model of Invite Welcome Connect requires funding to ensure we are able to continue to create innovative methods of transformation for the future Church.

Invite Welcome Connect has established a facilitator and coach training fee structure that allows a diocese, parish, individual, or a combination of these sources, to cover the training fee. The 2020 training fee for Invite Welcome Connect facilitators and coaches covers the 2-1/2-day training, training materials, and meals during the training. Participants are responsible for lodging and all transportation to and from the training site and during the training.

For further information regarding the training fee or certification process, please email invitewelcomeconnect@sewanee.edu with **Facilitator-Coach Training** in the email subject line.
